The Athletic Association will soon be installed in the elegant W. W. Clay hall, opposite the Ocala Banner office.

Miss Mary Proctor is home from Leroy. It is a mistake about her surrendering to the charms and machinations of little Dan Cupid.

The Ocala Iron Works is running on full time. We hope that this is but a harbinger of good times all along the line.

Speaking accurately there were just fifteen delegates to the populist convention, including the chairman and secretary.

Mrs. L. F. Blalock left Thursday for Atlanta, where she will spend some time, and later on will visit the Lithia Springs. She will not return until fall.

A belated delegate arrived Friday day to attend the populist convention, but when told by one of our citizens that the "country was saved," he seemed happy.

The young men, Ed Tucker, Weller Carmichael and Clarence Meffert, are back from their river trip which they enjoyed on Mr. Carmichael's boat, the "Skiddoo."

The doctors say that the sickness prevailing in Ocala is not putting any surplus money in the doctors' pockets. It is the kind of sickness that only requires a little "turkentine and ole," and lasts for about twenty-four hours or less.

## TOGO OYOUNA IN OCALA

The Japanese Visitor Gets Into a Game and Gets All the Chips

To Ocala Banner, which circulate regular, except Sunday, when Hon. Editor must go to Church:

In 1st letter I decide if Togo could get \$10, price of Hon. Stack he would play in next poker game. So another big boss of Hon. One thing Japanese Visitor dread with deliciousness he might get in Hon. Jack Pot which never open, then what become of Hon. Blue Chips, for reason I inquire to know.

TOGO OYOUNA.

One of the deputy sheriffs got a little too fresh at the Air Dome Thursday night. Wearing a badge of authority and a huge pistol he demanded a free ticket of Miss Smoak, who was at the ticket office at the time. The man put his hand on his pistol in a threatening manner and exposed its hilt to the young lady. She was badly frightened and ran into the theater where her father fortunately happened to be. Without waiting on the order of going he at once was by the side of the young man dressed in "brief authority," disarmed him and gave him the worst thrashings that has been inflicted upon anyone in these parts in some time. In addition to which he was fined \$25 and costs in the mayor's court, and received no sympathy from any source. The next morning everybody was praising Mr. Smoak. The young man was not only very much disfigured but very much humiliated. If the picture of the scene could be obtained and put on a film it would be a very popular drawing card for the moving picture business in Ocala.

Mr. John W. Stevens, Fort McCoy's foremost citizen, honored us with a visit Friday. He says that the Rentz road is running through his section all right, and will stimulate the farmers in that section to renewed efforts in the way of planting. Some fine new houses are being erected which will be occupied by persons connected with the mill and the railroad. Going back to "auld lang syne," Mr. Stevens says that when he got married he had but ten dollars, and on that sum began the serious problem of life; reared a family of eleven children and looks back to his early married life when he put in about fifteen hours of hard work per day as the happiest period of his life. He says that the young people who start out now in life do not know what a real struggle is. People in those days worked, but were happy, healthful and strong.

J. H. Strunk returned home yesterday morning, and is again attending to his duties in the railway ticket office. He has been with his family at Ocala for a week or more and reports having enjoyed his stay. Mrs. Strunk will not return home until late in the fall.—Miami News-Record.

## A CLEAN NEWSPAPER

Hon. Frank Clark, member of congress from the second congressional district of Florida, writes an autograph letter to the Miami News-Record, commending it for an editorial that appeared in its columns some time before in which it stated that scandals, all news of a disreputable kind and other incidents of life occurring in a city of its size which would be better for the community without publicity, would find no place in its columns.

Hon. Frank Clark says: "I am sending you this, simply to congratulate you on the stand which you take therein. If any considerable number of newspapers in the state of Florida would join you in this position, it would not be a great while before the press of the state would be thoroughly cleansed, and of necessity would be very much more potential in shaping the affairs of the commonwealth."

"You lay down in this article the one correct rule for the conduct of a decent newspaper."

"I am writing you these few lines simply to encourage you in the position you have taken because I take it that you do not mind being told of the fact that your course is approved by your readers."

That has been the declared policy of the Ocala Banner for years.

Whatever tends for the betterment of the community appears in its columns; whatever militates against it is rigidly excluded.

It does not believe that a local newspaper should become a scandal monger or print news that is not fit to print.

Mr. W. D. Carn is back from Pedro, where he attended and assisted in the dedication of the new school building. He says that it is an elegant four-room building and cost the sum of \$1500. The McGeehee Lumber Company donated towards its erection 31,000 feet of lumber, and a number of patriotic citizens did the rest. After the dedication ceremonies had come to an end an elegant spread was not the least welcome event of the day. Two hundred persons were present and all enjoyed the occasion. The school will number ninety pupils and will start out with three teachers. It is about third, in point of numbers, of the public schools of the county.

The crowds that nightly attend the moving picture shows are something marvelous, yet it affords an excellent pastime, and the pictures are more than worth the money. They are not only beautiful and often amusing, but they are also instructive. We are glad to see the crowds that nightly gather at the two places. It also shows that Ocala is a progressive city and appreciates a good thing. The larger the crowds the more attractive the performances. The films Thursday night at both places were particularly excellent.

## A PAYING INVESTMENT

Mr. John White, of 38 Highland avenue, Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone the cough was all gone. This winter the same happy result has followed. A few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at Tydings & Co. drug store. 50c. and \$1. Trial bottle free.

Edward Oates, formerly of this city, but now a resident of Daytona, passed through here this morning en route to Jacksonville. He stated that Daytona has been quite lively this summer, owing to the great number of visitors from the interior who have cottages on the beach. The ocean front there has been built up for miles and many of the people from interior Florida own cottages there. The same conditions would prevail here in summer were advantages taken of the opportunities.—St. Augustine Record.

## HORSE STRAYED OR STOLEN

Strayed or stolen from my pasture near Anthony, on the night of August 25th, a gray horse about 10 years old; weight, about 800 pounds; has nick out of right ear; scar on right side just under fore leg; scar on breast about size of silver dollar; also small barbed wire scratches on breast. A liberal reward will be given for return of animal or for information that will lead to his recovery.

L. L. PRIEST, Anthony, Fla.

## OSTEEN—TOMPKINS

When the Seaboard passenger train reached Starke at 5 o'clock Wednesday morning a young man and a girl of about 16 summers alighted and took a carriage for the home of Judge W. F. Malphurs. Arriving there, the next step in the little drama that was being enacted was for the young man to seek Judge Dekle and secure a marriage license. This accomplished the prospective groom hurriedly returned to the home of Judge Malphurs, where the twain were made one, the judge pronouncing the words that made Mr. L. E. Osteen and Miss Angie Tompkins of Ocala, husband and wife.

This was the third attempt these young people have made to flee and plight their troth, but each time before their plans had been foiled by the alertness of the bride's mother. They were naturally apprehensive of another interference and it turned out that their apprehensions were well founded, for they had been married barely half an hour when a telegram from the mother was delivered to Sheriff Langford instructing him to prevent the marriage and return the young lady to her home in Ocala.

After their marriage the young couple went to the Commercial Hotel, where they spent the day, returning to Ocala by the night train. The groom is yard engineer for the Seaboard at Ocala and they will make their home in that city.—Starke Telegraph, Aug. 28.

## OFF FOR OHIO

Mr. P. V. Leavengood, the popular business manager of the Banner, left Thursday for a visit to Coshocton, O., his boyhood home. It has been quite twenty-five years since he left there to cast his fortunes with the people of this section, and of course he will almost be "a stranger in a strange land" when he goes back there, for wonderful changes are made in twenty-five years. Genial, pleasant and companionable, he is just the one to have a good time, and we hope that his visit will be in every way enjoyable.

Miss Sue Barco left last night for Ocala, accompanied by her little niece, Annie Patterson. Miss Barco has been in Miami for several months and has been a favorite with the young people of the city. She will be greatly missed from the social gatherings, and it is hoped that she will return here in the near future. Before leaving a reception was tendered to the many friends of little Miss Patterson at her mother's residence on Thirteenth street, and a jolly time was had by the gathering of young people.—Miami News-Record.

## BEST TREATMENT FOR A BURN

If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It always relieves the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price, 25 cents. For sale by all druggists.

Mr. T. L. Matchett of Orange Springs, one of the Banner's faithful subscribers, was a visitor Friday. He is here attending to some legal matters. He was one of the first soldiers to enlist from Marion county, and served under Lee in Virginia. He was a member of Capt. Pierson's company of Orange Springs. He is still living where he lived when he first enlisted.

The Rev. W. H. Dodge, who has been at Asheville and Monreath, N. C., and attending the chautauqua at the latter place, arrived in Jacksonville last night and is the guest of his son and daughter-in-law, Judge and Mrs. John W. Dodge, at their home on Newnan street. The Rev. Mr. Dodge will also visit at Bainbridge, Ga., before returning to his church work at Ocala.—Jacksonville Metropolis.

Some of our country visitors yesterday seemed surprised that some of those who participated in the populist convention Thursday not only voted in the democratic primaries, but actually acted as managers of the election. But we suppose it will all come around all right in the wash.

## GOOD FOR BILIOUSNESS

"I took two of Chamberlain's Stomach and Liver Tablets last night, and I feel fifty per cent. better than I have for weeks," says J. J. Firestone of Allegan, Mich. They are certainly a fine article for biliousness." For sale by all druggists. Samples free.

## BAND CONCERT

Friday evening was a perfect one, just cool enough to be enjoyed, and it seemed that the entire population turned out to listen to the excellent music rendered by the Metropolitan Band. They were in groups on the Ocala House porch, on the lawns and promenading up and down the beautiful walks of the court house yard. These concerts are always enjoyed, but when the weather conditions are ideal it acts as a magnet, and few can resist the temptation to stroll down and listen to the beautiful music.

The following was the program rendered last evening:

March, "Gentry's Triumphal"—F. J. Jewell.

Selection, "The Burgomaster"—Gustav Lunders.

Cornet Solo, "The Commodore Polka" (Mr. H. W. Tucker)—W. P. Chambers.

Overture, "Peerless"—F. H. Losey.

Intermission.

March, "Peter Piper"—S. R. Henry.

Serenade, "Dreaming"—J. Anton Daily.

Baritone Solo, "Fascination" (Mr. F. E. Mathews)—C. C. Barnhouse.

Medley Overture, "A Gleam of Heaven"—C. K. Harris.

## HOW TO GET STRONG

P. J. Day, of 1247 W. Congress St., Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at Tydings & Co., drug store. 50c.

It has been raining at Saluda continuously for four days, and the "Ocala colony" there say that Floridians have no conception of what genuine rains are. The vegetable peddlers have been unable to make visitations, most of the chickens were drowned in the coops, the wood got soaking wet and fires were almost impossible to start (they have no pine) and the colony is badly in the dumps.

Capt. John H. Welsh of Miami has printed a book to prove that the cedar used in building Solomon's temples came from Florida. We know Capt. Welsh and will endorse anything he says.—Punta Gorda Herald.

Yes, Capt. Welsh once showed a representative of this paper the identical spot where this cedar was grown.

Port V. Leavengood, business manager of the Daily Banner at Ocala, passed through this city yesterday en route to Jacksonville, where he goes on a business and pleasure trip combined. This is his first trip off in some time and he proposes to enjoy the short vacation.—Gainesville Sun.

## A SURE ENOUGH KNOCKER

J. C. Goodwin of Reidsville, N. C., says: "Bucklen's Arnica Salve is a sure enough knocker for ulcers. A bad one came on my leg last summer, but that wonderful salve knocked it out in a few hours. Not even a scar remained." Guaranteed for piles, sores, burns, etc. 25c. at Tydings & Co., drug store.

Mr. J. Y. Hicks, Mrs. Hicks and their little grandson of Levon were shopping in Ocala Thursday. Mr. Hicks is the socialist candidate for the legislature. Mrs. Hicks is a daughter of the late Rev. Eady, who was a very popular preacher of the Florida Methodist conference.

Mrs. Frank G. Moorhead of Charleston, S. C., who has been spending several weeks at Micanopy, came to Ocala yesterday and will be here with relatives for some time. She is accompanied by her youngest son and daughter.

## THEY TAKE THE KINKS OUT

"I have used Dr. King's New Life Pills for many years, with increasing satisfaction. They take the kinks out of stomach, liver and bowels, without fuss or friction," says N. H. Brown of Pittsfield, Vt. Guaranteed satisfactory at Tydings & Co., drug store. 25c.

Mr. O. B. Howse will soon go on a month's trip to the Kissimmee country, looking after his stock of cattle in that section. He will brand about six hundred and fifty calves this season.

Mr. Lawton Bailey had the misfortune to be thrown from his bicycle at the Commercial Bank yesterday, dislocating his wrist and fracturing the bone.

## U. S. DISPENSARY

Describes the Principal Ingredients Contained in Pe-ru-na.

Are we claiming too much for Peruna when we claim it to be an effective remedy for chronic catarrh? Have we abundant proof that Peruna is in reality such a catarrh remedy? Let us see what the United States Dispensary says of the principal ingredients of Peruna.

Take, for instance, the ingredient hydrastis canadensis, or golden seal. The United States Dispensary says of this herbal remedy, that it is largely employed in the treatment of depraved mucous membranes, chronic rhinitis (nasal catarrh), atonic dyspepsia (catarrh of the stomach), chronic intestinal catarrh, catarrhal jaundice (catarrh of the liver), and in diseased mucous membranes of the pelvic organs. It is also recommended for the treatment of various forms of diseases peculiar to women.

Another ingredient of Peruna, corydalis formosa, is classed in the United States Dispensary as a tonic. So also is cubeba classed as a stomachic and as a tonic for the mucous membranes.

Cedron seeds is another ingredient of Peruna, an excellent drug that has been very largely overlooked by the medical profession for the past fifty years. The seeds are to be found in very few drug stores. The United States Dispensary says of the action of cedron that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a substitute for quinine.

Oil of copaiba, another ingredient of Peruna, is classed by the United States Dispensary as a mild stimulant and diuretic. It acts on the stomach and intestinal tract. It acts as a stimulant on the genito-urinary membranes. Useful in chronic cystitis, chronic dysentery and diarrhea, and some chronic diseases of the liver and kidneys.

Send to us for a free book of testimonials of what the people think of Peruna as a catarrh remedy. The best evidence is the testimony of those who have tried it.

## A TRAVELING MAN'S EXPERIENCE

"I must tell you my experience on an east bound O. R. & N. R. R. train from Pendleton to Le Grande, Ore.," writes Sam A. Garber, a well known traveling man. "I was in the smoking department with some other traveling men when one of them went out into the coach and came back and said: 'There is a woman sick unto death in the car.' I at once got up and went out and found her very ill with cramp colic; her hands and arms were drawn up so you could not straighten them, and with a deathlike look on her face. Two or three ladies were working with her and giving her whiskey. I went to my suitcase and got my bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, I never travel without it, ran to the water tank, put a double dose of the medicine in the glass, poured some water into it and stirred it with a pencil, then I had quite a time to get the ladies to let me give it to her, but I succeeded. I could at once see the effect, and I worked with her, rubbing her hands, and in twenty minutes I gave her another dose. By this time we were almost into Le Grande, where I was to leave the train. I gave the bottle to the husband, to be used in case another dose should be needed, but by the time the train ran into Le Grande she was all right, and I received the thanks of every passenger in the car." For sale by all druggists.

This week, which has been unusually dull for the young people, will be closed quite joyfully by a party given Saturday evening by Miss Ruth Trice in honor of her pretty visitor, Miss Mary Burford, of Ocala.—Tampa Tribune.

Mr. and Mrs. Joe Davis of Summerfield were in Ocala Thursday. They were accompanied by their niece, Miss Evans and Miss Floyd of Charleston. They are very bright and vivacious young ladies.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. Cheney & Co., Toledo, Ohio. Sold by druggists. 75c. Take Hall's Family Pills for constipation.
